What is it?

**CHAMBER
LOW CARBON**
HELPING BUSINESSES GO GREEN

A global award winning programme

A £6m European part funded, Lancashire wide, partnership programme providing a suite of FULLY FUNDED services aimed to help businesses improve energy and environmental efficiencies, introduce on site renewable energy generation and save money.

To reduce the environmental and carbon footprint of Lancashire businesses

To help businesses developing new low carbon technology to get it to the market and see it trialled and manufactured locally.

To increase the competitiveness of Lancashire businesses

@chamberlowcarb

 - b) UN Sustainable Development Goals alignment,
 - c) Baseline greenhouse gas inventory
 - d) ISO 14001 Gap Analysis
 - e) Prioritise action plan
2. Pre Assessment (1½ day onsite support)

Destination Net Zero – Why?

- Based upon Procurement Policy Note 6/21
- As of 30th September 2021 companies tendering for public sector contracts worth £5m or above must have made a public Net Zero declaration
- As part of the tender documents they must submit a Carbon Reduction Plan – performance against which will be monitored throughout the programme.
- Supply Chain Multiplier

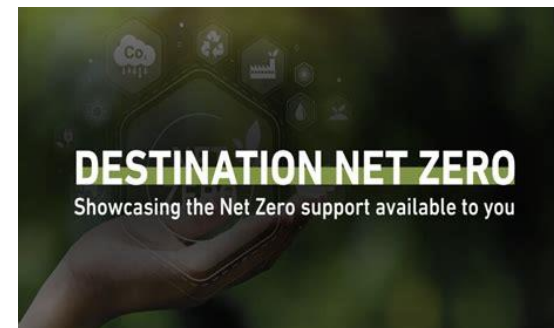

Destination Net Zero - What

**CHAMBER
LOW CARBON**
HELPING BUSINESSES GO GREEN

- Optional ½ day awareness session
- What is it?
- Why do you need to do it?
- How to calculate your Greenhouse Gas Inventory
- How to Develop Your Targets and Carbon reduction Plan
- The difference between Carbon Neutral and Net Zero
- Chamber Low Carbon Team will calculate your Greenhouse Gas Inventory and suggest a Net Zero Target and Carbon Reduction Plan.

Planning to Going Green or Progress towards Net Zero in 2023?
